November 13, 2018

Robert Somers  
Mid-State Aerospace Inc.  
710 N Lindenwood Dr  
Olathe, KS 66062

Dear Mr. Somers:

Re: Successful Audit Completion, MIL-PRF-8790, 13444, 13513, 25579 and 52471; VQP-19-033239; CN: 055891

As a result of our audit performed June 2016, your facility is considered suitably equipped to assemble military product pursuant to the subject military standards. The corrective actions you submitted Feb 1, 2018 in response to the non-conformances noted during the audit are satisfactory and all findings are closed.

The results of the DLA Land and Maritime audit of your facility were found by examining a sampling of normal production and testing procedures. The acceptance of the corrective actions submitted in response to the above referenced audit does not relieve a company's contractual obligation to deliver product that complies with all specification requirements.

This approval is valid until terminated by written notification from the Qualifying Activity. The normal period of Facility Approval is five years from the date of the audit. If warranted, Facility Approval may be withdrawn by this Center at any time. Your facility may be re-audited on a drop-in basis at any time. Your Facility Approval is subject to the conditions stated in DoD Manual 4120.24M and SD-6.

If you have any questions, please contact Mrs. Ami Banks by email at [ami.banks@dla.mil](mailto:ami.banks@dla.mil).

Sincerely,

JOHN CASTO  
Chief  
Passive Devices Branch
